

"ALVCOM – Active Learning Video Lecture Communication"

To All the principals, Directors, Professors and Faculty Members of GTU Affiliated Colleges:

As an experiment, GTU is beginning the Video Lecture Telecasting series from Saturday, 1st September 2012. This will be done with the help of the technical facility provided by **BISAG-Bhaskaracharya Institute for Space Applications and Geo-Informatics**.

Vision: - Enabling students of GTU affiliated colleges to have an access to video lectures from eminent faculties all over Gujarat and thus creating a platform of knowledge sharing.

Objective: - To propagate active Learning and lectures on various subjects by well known experts and to provide a platform for communicating with all colleges, students and teachers simultaneously to disseminate ideas and information of technology domain.

Active Participants: - All the professors, lecturers and faculty members, those who are interested, are invited to participate in this project. For this they need to fill in the **registration form** provided with the link.

How to receive BISAG Channel:- Please refer attached PDF file for **Instructions for receiving BISAG Channel through DTH SET**.

Note: - 1. GTU will be telecasting 1st lecture series on Saturday Dt 01/09/2012 from 3 PM to 5 PM and on Sunday Dt 02/09/2012 from 11 AM to 3 PM on a trial basis. Please find **enclosed schedule**.

2. Please feel free to send any suggestions regarding the presentation to roma_thakur@gtu.edu.in

3. You may communicate about any difficulties in accessing the BISAG's TV signals to gtuprojects@gtu.edu.in
